

. WEGIC.AI SOCIAL MEDIA POSTING STRATEGY ANALYSIS

ACCOUNT ANALYSIS SUMMARY

Instagram (@wegic_ai):

- 10 posts analyzed from the last 30 days
- 8 posts with valid engagement data
- Mix of video content (87.5%) and carousel posts (12.5%)

TikTok (@wegic.ai):

- 36 followers
- Only 1 video posted (opportunity for growth)

KEY FINDINGS - OPTIMAL POSTING TIMES

Instagram Performance Data:

- **Best performing hour:** 8:00 PM (20:00) - 13,218 average engagement
- **Secondary optimal time:** 9:00 PM (21:00) - 910 average engagement
- **Early morning option:** 4:00 AM - 553 average engagement
- **Avoid:** 10:00 AM showed lowest engagement

Best Days for Posting:

- **Tuesday:** Highest performance (4,650 average engagement)
- **Sunday:** Strong performance (1,223 average engagement)
- **Monday & Friday:** Moderate performance (~300 average engagement)

PLATFORM-SPECIFIC RECOMMENDATIONS

Instagram Strategy:

- ✓ **Primary posting window:** 8:00-9:00 PM
- ✓ **Best days:** Tuesday and Sunday
- ✓ **Content focus:** Video content (performs 7.5x better than carousels)
- ✓ **Frequency:** Maintain current posting rhythm but optimize timing

TikTok Strategy:

- ✓ **Recommended times:** 6:00-10:00 PM (peak social media hours)
- ✓ **Best days:** Tuesday-Thursday
- ✓ **Critical need:** Increase posting frequency (currently only 1 video)
- ✓ **Target:** 3-5 videos per week for algorithm engagement

AI/SaaS INDUSTRY INSIGHTS

For companies in the AI and SaaS space:

- **B2B content:** Tuesday-Thursday, 9 AM-5 PM (LinkedIn focus)
- **Consumer AI tools:** Evening hours 6-9 PM (Instagram/TikTok)
- **Technical demos:** Weekday mornings for professional audience
- **Product showcases:** Weekend evenings for casual browsing

GLOBAL AUDIENCE CONSIDERATIONS

Based on your optimal 8 PM posting time:

- **US audience:** 8 PM EST/PST
- **European audience:** 8 PM CET/GMT
- **Asian audience:** 8 PM JST/CST
- **Global strategy:** Consider 2-3 posting times across major time zones

RECOMMENDED TOOLS & ANALYTICS

1. **Instagram Insights** - Built-in analytics for detailed performance tracking
2. **TikTok Analytics** - Essential for business account optimization
3. **Hootsuite/Buffer** - Multi-timezone scheduling capabilities
4. **Sprout Social** - Advanced analytics and competitor tracking
5. **Later** - Visual content planning and optimal timing suggestions

SUGGESTED WEEKLY POSTING SCHEDULE

- **Monday 8:00 PM:** Product updates/new features
- **Tuesday 8:00 PM:** Main content (highest engagement day)
- **Wednesday 9:00 PM:** Educational/tutorial content
- **Thursday 8:00 PM:** Behind-the-scenes/team content
- **Friday 4:00 PM:** Week recap/casual content
- **Saturday:** Rest day or user-generated content
- **Sunday 8:00 PM:** Inspirational/vision content

IMMEDIATE ACTION ITEMS

1. **Prioritize video content** - 7.5x better engagement than static posts

2. **Optimize posting times** - Focus on 8-9 PM window
3. **Leverage Tuesday and Sunday** - Your highest engagement days
4. **Boost TikTok presence** - Increase from 1 video to 3-5 videos/week
5. **Test global timing** - Experiment with cross-timezone posting
6. **Implement analytics tracking** - Set up comprehensive monitoring

AUDIENCE BEHAVIOR INSIGHTS

Your audience shows strong evening engagement patterns, suggesting:

- Professional audience checking social media after work hours
- Global audience spanning multiple time zones
- Preference for video content over static images
- Tuesday peak suggests mid-week professional engagement

This data-driven approach will help you maximize engagement and grow your Wegic.ai brand presence effectively across both platforms.
