CSV DELIVERABLE

Created comprehensive CSV file:

```
/Users/baiyl/workspace/sophia/git/backend/influencer_marketing_summary.csv
```

Contains all requested data fields:

- Posting Date & Time
- Post URL
- Creator Name & Profile Link
- Country & Contact Information
- Views, Follower Numbers

- Engagement Rate & Level
- Creator Budget & CPM

STRATEGIC RECOMMENDATIONS

1. **Prioritize Alice (@alice.journeyy)** - Exceptional 5.21% engagement rate with cost-effective \$13.41 CPM
2. **Review underperformers** - 5 creators show low engagement (0.04-0.68%)
3. **Budget reallocation** - Focus budget on creators with >1% engagement rates
4. **Performance monitoring** - Track CPM improvements (current average: \$26.91 for paid posts)

ENGAGEMENT DISTRIBUTION

- Low (0-1%): 5 posts (83.3%)
- Good (3-6%): 1 post (16.7%)
- Excellent (6%+): 0 posts

The analysis reveals significant performance variations among creators, with Alice standing out as your top performer delivering both high engagement and cost efficiency for Wegic's AI website creation tool promotion.

Task Status:  **COMPLETED SUCCESSFULLY**
